材料作文

Directions:

Read the following excerpt from an article and write an essay. In your essay, you should explain whether or to what extent you agree with the author. Support your argument with reasons and relevant examples. Write your answer in about 150 words on the ANSWER SHEET.(15 points)

Studies in the U. S. and the U. K. consistently show that children have lost the right to wander. This is why many of our youth turn to technology. They aren't addicted to the computer; they're addicted to interaction, and being around their friends. Children, and especially teenagers, don't want to only socialize with parents and siblings; they want to play with their peers. That's how they make sense of the world. And we've robbed them of that opportunity. We're raising our children in captivity and they turn to technology to socialize, learn and relax. Why are we blaming the screens?

观点：

1.基本同意，写一个跟题目一样的支持性立论文，中低难度。（推荐）

2.同意一部分，不同意一部分。

3.基本不同意。

In this argument, the author claims that many children turn to technology because they have lost the right to wander. To justify his claim, he analyzes that we capture our kids when we raise them, and thus they turn to technology for interaction.

From my perspective, I generally agree with this author's point of view and the following aspects can well explain my opinion. First of all, most parents seldom allow their children to go out for fun. So, the children chose to look for their favorites on the Internet. For

example, my younger brother is always kept by his parents at home to do a lot of homework. He has to surf the Internet for interaction. Besides, because parents keep their children at home, these children have to look for their favorites on the Internet. A recent authoritative survey shows that 77.34% of middle school students make friends through QQ, enjoying themselves.

To sum up, the society ought to launch a large-scale of advocates on how parents should give children right to wander. So, their children will not be addicted to Internet anymore.

【参考译文】

在这一论点中，作者声称，许多儿童关注技术，因为他们失去了开小差的权利。为了证明他的说法，他分析说，当我们抚养孩子时，我们禁锢了他们，因此他们会求助于技术进行社交。

在我看来，我大体上同意这位作者的观点，以下几个方面可以很好地解释我的观点。首先，大多数父母很少让孩子出去玩。 因此，孩子们选择在互联网上寻找他们最喜欢的东西。例如，我弟弟总是被父母留在家里做很多家庭作业。他不得不上网交流。此外，由于父母把孩子留在家里，这些孩子不得不在互联网上寻找自己喜欢的东西。最近一项权威调查品示，77.34%的中学生通过 QQ交朋友，玩得很开心。

综上所述，社会应该发起一个大规模的倡导如何父母应该给孩子开小差的权利。这样，他们的孩子就不会再沉迷于网络了。
